FASTER WAY CERTIFIED COACH MODEL

The FASTER Way to Fat Loss offers an attractive commission package for our certified coaches, who have achieved remarkable success worldwide. Beyond transforming clients' health, our certified coaches are scaling thriving businesses. Our CEO and founder, Amanda Tress, purposefully crafted our commission structure to empower you in pursuing your passion and fulfilling your mission, all while earning an income that you can contribute to your family, church, and community.

Distinctively, the FASTER Way operates as a one-tier affiliate program. As a coach, you have the opportunity to recruit influencers, referred to as FASTER Way Partners, and coaches to join your team. However, this marks the extent of our "tier" structure, emphasizing that we are not a multilevel marketing program (MLM).
